## Event information

Street football culture is emerging incredibly last 3 years and it is almost impossible to miss its influence on young generation of players. Every year it becomes faster, players are stronger and tricks are more complicated which creates perfect attraction not only for players themselves but also for audience. Street football matches became famous and performed around the world. There are official associations taking care of its growth and it starts to be interesting for media as well (reports, live stream, press).

This is why organisers of Super ball: World open Freestyle Football championship have decided to have one day during their qualification process dedicated to this amazing sport. Prepare for Super ball 3v3 Street Football championship by World Street 3's.

## Venue

This event is going to happen on only free day just before the final of Super ball. On 25<sup>th</sup> August just in front of the main entrance to very well known **shopping mall Eden** (more known in community as "Tesco's") there will be small arena built so all athletes has really short way to go from hotel. Additional registration is opening at **10am at venue** for anyone who has forgotten to do it online or for local teams to try out their luck in game against professionals.

### Organisers

World Street Soccer Championships Limited (WSSC) is the creator of international street soccer events, including the World Street 3s, a new sporting property which combines the world's most popular sport, football, with the world's fastest growing sport sector, urban.

The team behind World Street Soccer Championships combine many years of experience of sport, urban sport, sports presentation, events, PR and Marketing.

WSSC works with players, cities, broadcasters and brands to unlock the flair and dynamism of street soccer to wow audiences, inspire young people and engage with communities.

Short-form, content-rich and infinitely shareable, street soccer is football for the social age.

Another World Street 3s event will take place in September 2017 together with European Freestyle Football championship in Manchester, England.

On the place there will be joined forces of 2 brilliant event organisers to secure smooth duration of event and all rules to be followed. **Kristofer Liicht** from Denmark (Copenhagen Panna House crew), well experienced street football and panna player who is leading whole community to better future, and **Antti Lähtevänoja** from

Finland, who is one of the most important persons in Finnish Freestyle Football scene and one of few responsible event organisers within community.
